

Historical Newspapers

What you will find in this database

Full-text and full-image articles for newspapers dating back to the 18th century. As part of the ProQuest Historical Newspapers program, every issue of each title includes the complete paper—cover-to-cover—with full-page and article images in downloadable PDF.

How to Access

From campus:

Access the database by clicking the link on the eresources page on the library website.

From home/off campus:

Access the database by clicking the link on the eresources page on the library website. You will be prompted to enter your SIA username and password to log on to the proxy server for the first resource you select. As long as your browser session remains open, you will be able to access all other resources without having to log on to the proxy again.

How to search

Basic Search:

1. Enter search term(s)
2. Connect more than one term with:
 - AND
 - OR
 - NOT
2. Click Search

Advanced Search:

1. Click the Advanced Search link
2. Enter search terms and select corresponding fields

Optional features

- Choose limits
- Full Text Only
- Peer Reviewed

The image shows two screenshots of the ProQuest Historical Newspapers search interface for 'The New York Times (1851-2008)'. The top screenshot shows the basic search page with a search bar and a 'Full text' checkbox. A dashed arrow points from the 'Advanced search' link in the top screenshot to the 'Advanced Search' section in the bottom screenshot. The bottom screenshot shows the 'Advanced Search' page with multiple search rows, 'Date range' options, 'Document type' filters, and 'Search options'.

Export to Refworks:

- On the article page click **Export/Save** and select **Refworks**

The screenshot shows the top of a web browser displaying an article from Crain's New York Business. The article title is "Picture this: NYC museums are drawing record crowds" by Miriam Kreinin Souccar, dated May 2, 2011. The browser's top navigation bar includes options like "Add to selected items", "Save to My Research", "Email", "Print", "Cite", "Export/Save", "Tags", and "SHARE". A dropdown menu is open under "Export/Save", listing options: "Save as file:" (PDF, RTF, HTML), "Text only (no images or text formatting)", "Export to:" (RefWorks, ProCite, EndNote, or Reference Manager, RIS), and "RIS". A dashed arrow points from the "Export/Save" button in the browser to the "RefWorks" option in the dropdown menu.

Create an alert

Alerts are automated email notifications you create to deliver new content as it becomes available in the database. There are two kinds of alerts that you can create:

Search alerts — notify you when new documents that match your search are available.

Click create an alert on the search or search results page.

Publication alerts — notify you when new issues of a selected publication are available.

Click create an alert on the publication search page.

The screenshot shows the ProQuest Arts & Humanities Full Text search interface. The search term "museum" is entered in the search bar, and the results show "328526 Results*". Below the search bar, there are filters for "Full text" and "Peer reviewed". A "Create alert" button is visible. Below the search results, there is a section for "Publications" with a "Back to publications" link. Under "Publications", there are buttons for "Set up alert" and "Create RSS feed". A specific publication is highlighted: "Alaska Business Monthly". The "Set up alert" button for this publication is highlighted with a dashed arrow. Below the publication title, there is a "Publication information" section with a "View most recent issue" link. The publication title is "Alaska Business Monthly" and the coverage is "Jan 1986 (Vol. 2, no. 1) - present (with exceptions)".
