

EconLit

What you will find in this database

EconLit, published by the American Economic Association, provides bibliographic coverage of a wide range of economics-related literature. Coverage is 1969-current.

How to Access

From campus:

Access the database by clicking the link on the eresources page on the library website.

From home/off campus:

Access the database by clicking the link on the eresources page on the library website. You will be prompted to enter your SIA username and password to log on to the proxy server for the first resource you select. As long as your browser session remains open, you will be able to access all other resources without having to log on to the proxy again.

How to search

Basic Search:

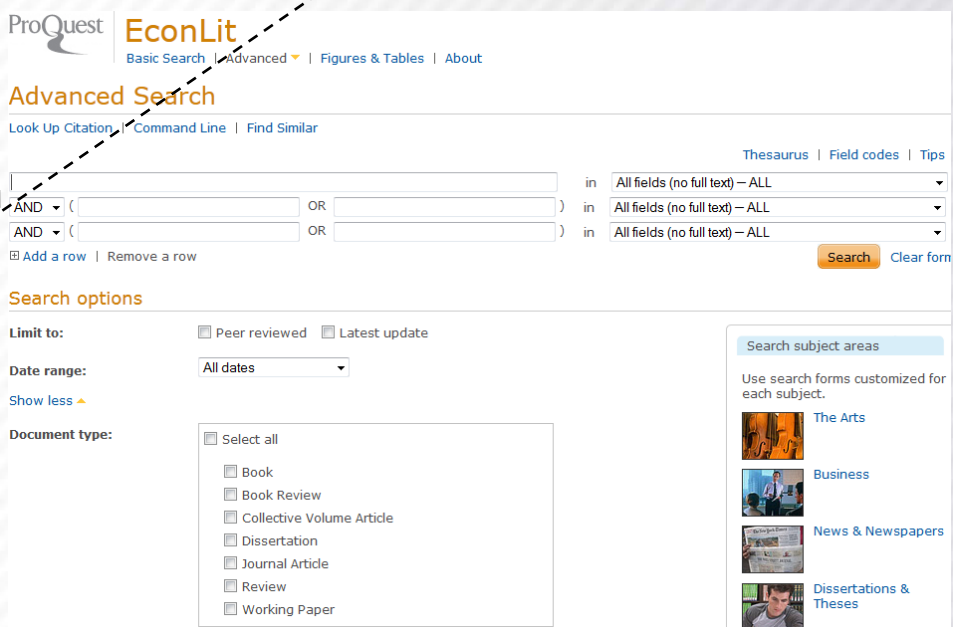

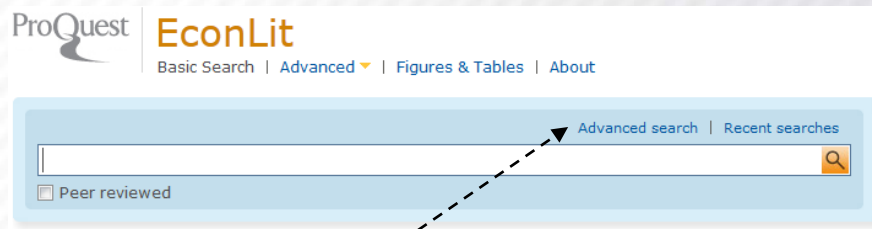

1. Enter search term(s)
2. Connect more than one term with:
 - AND
 - OR
 - NOT
2. Click Search

Advanced Search:

1. Click the Advanced Search link
2. Enter search terms and select corresponding fields

Optional features

- Choose limits
- Full Text Only
- Peer Reviewed

Export to Refworks:

- On the article page click **Export/Save** and select **Refworks**

The screenshot shows the top of a ProQuest article page. The article title is "Picture this: NYC museums are drawing record crowds" by Miriam Kreinin Souccar, from Crain's New York Business, May 2, 2011. The "Export/Save" dropdown menu is open, showing options: PDF, RTF, HTML, Text only (no images or text formatting), RefWorks, ProCite, EndNote, or Reference Manager, and RIS. A dashed arrow points from the "Export/Save" button to the "RefWorks" option in the menu.

Create an alert

Alerts are automated email notifications you create to deliver new content as it becomes available in the database. There are two kinds of alerts that you can create:

Search alerts — notify you when new documents that match your search are available.

Click create an alert on the search or search results page.

Publication alerts — notify you when new issues of a selected publication are available.

Click create an alert on the publication search page.

The screenshot shows the ProQuest Arts & Humanities Full Text search results page. The search term is "museum", resulting in 328526 results. There are buttons for "Full text", "Peer reviewed", "Modify search", "Tips", "Create alert", "Create RSS feed", and "Save search". A dashed arrow points from the "Create alert" button to the "Publications" section below.
